

Several years ago I dowsed a Past Life for my Son Jeremy. This was the very first Past Life Dowsing either of us had done. We eventually had another dowser confirm the events of this dowse. Needless to say Jeremy was quite freaked out by the reading.... But immediately wanted to try again. The next time we got a future life! But that's another story.

The dowsed answers were later confirmed to be true by another master dowser who does this kind of thing often.

I hope you enjoyed, I copied the Chat from Messenger and then I changed it so it would be more readable. Added the bracketed comments so you all would understand better what we were doing. Who knows maybe someone will want to try this themselves, and maybe this will help some to get you started. I have started a set of dowsing charts to use to do your own past life reading... I have quite a few made so far as I have been compiling lists for years. It is a work in progress at least.
